

CHOIR PARENT SUPPORT

- The success of the choral program is dependent on parent support. The Tompkins Choir Booster Club is an organization of volunteer parents who support the choir in countless ways. The purpose of the group is to encourage the students by assisting in payment of various student fees, assist in payment of accompanist fees throughout the year, plan social activities, organize chaperones, provide publicity, help with costuming, and various other activities. Please join the OTHS Choir Boosters and become an active participant in the OTHS Choir.
